EURO GLOBAL FOODS AND DISTILLERIES LTD.
SONA AGRO ALLIED FOODS LTD.
SONA MALTING AND MALT DERIVATIVES LTD.
SONA INDUSTRIAL GASES LTD.
CORONATION POWER AND GAS LTD.
CORONATION REAL ESTATE DEVELOPMENT LTD.

OUR PRESENT BUSINESS FOCUS

1. Recycling of various plastic materials to produce different injection and blow moulding products.
2. Production and marketing of food and beverage products.
3. Electricity generation and distribution.
4. Manufacturing of one stop 360degree packaging solutions to Nigeria’s manufacturing industry.
5. Real Estate development, with focus on low-cost housing and industrial warehouse.
- 6.Using 100% local crop sorghum to produce malt extracts and various malt and malt derivatives.

PROVEN PEDIGREE

1. Experts at pioneering investments and development of critical, challenging and virgin sectors.
2. Turn-around experts for ailing companies.
3. Deployment of best-in-class equipment and machinery in every industry we operate in.
4. Consistent backward integration policy with investments in local capacity to produce needed raw materials in Nigeria
5. Capacity-building Policy for host communities and states in which we operate.

PARTNERING FOR SUCCESS

Where Quality is Culture
**SHONGAI PACKAGING
INDUSTRY LIMITED**

COMPANY HISTORY

Shongai Packaging Industry Limited was incorporated in 1977 and commenced production in 1981 and is an ISO 9001:2015 certified company. We produce high quality injection moulding products like rugged crates for beer & beverage industry, durable injection moulded plastic pallets, various types of caps & closures, domestic items like Happy Family basins and buckets from 7litres to 60litres, 50litres to 120litres drum with lids for multipurpose use, bakery & fishing crates as well as durable injection molded plastic furniture's likes chairs, tables, student study tables, kiddies chair and tables etc.

Today, our client list for crates includes such multinationals as
Nigerian Breweries Plc
Guinness Nig. Plc
Champion Breweries Plc
AB InBev Nigeria, Etc.

Due to increasing opportunities in the packaging industry, Shongai later diversified into manufacturing of various plastic packaging products for numerous industrial customers in the Oil Industry, Paint & Building Industry, Automobile, Agriculture & Fishing and Pharmaceutical.

By way of expansion and diversification, Shongai has added the production of plastic pallets to its array of products, adding such multinational companies to her clientele such as PZ, Unilever, Dana group, Procter & Gamble, May & Baker, Indomie group, AJE Group, Flour Mills etc.

Shongai has also gone into production of Furniture - chair and tables for events and schools, kiddies's tables and chairs.

Over the past two decades, the company has achieved steady growth in its business activities and has become a leading packaging company in Nigeria. The company's products are known for quality and continue to enjoy good patronage from reputable customers across the industries serviced by the company.

Recently, looking at the growing need for reducing environmental burden and recycling of plastics waste around the country, the company embarked on a bold venture of setting up one of the most modern plastics waste recycling facility and has set up the highest capacity recycled material to manufacture high quality plastic injection molded pallets that are a direct replacement of wooden pallets thereby further reducing environment burden and deforestation.

The company is located at Km 38, Lagos Abeokuta Express way Sango Ota, Ogun State and share the same premises with Nigerian Breweries Plc.

A detailed market analysis for Shongai Packaging Industry Limited would however be best appreciated when we take a look at the company's products:

1. PLASTIC CRATES: Shongai packaging is a major supplier of branded plastic crates to major brewery companies locally and internationally.

DESCRIPTION

These plastic jerry cans are convenient and easy to store liquids, and therefore offer improved environmental performance, are more economical to use, and provide better protection to meet growing market demands. It is served in various designs like Square, Rectangular, Round and others. It is also served with different design of Caps with Locking Ring which gives Zero Leak sealing arrangement, and inner wad seal caps as well.

210 LITRES

FEATURES:

Made of virgin high-density polyethylene (HDPE FOOD GRADE MATERIAL).

Non-breakable multipurpose containers with inner wad seal proof / Inner O-rings.

Available in different size and design.

Customized standard colour without any additional cost.

AVAILABLE COLOURS:

White, Black, Blue, Silver Ash, Red, Yellow, Green and we can also customize for bulk orders.

SPECIFICATIONS:

Bottles: 100ml & 150ml (Weight – 15grams & 18grams)

Jerry cans: 1ltr, 4ltr & 5ltr (Weight – 70grams, 230grams & 250grams)

Jerry cans: 10ltr, 20ltr, 25ltr, 30ltr and 50ltr (Weight – 500grams, 1200grams, 1,300grams, 1,700grams & 1,800grams)

Drum: 210ltr and 250ltr (Weight – 9,000grams & 10,000grams)

Quality: Virgin

Material: HM/HDPE

Type: Inner Resealable Lid & Outer Lid

Colours: Semi-transparent, White, Black, Blue, Silver Ash, Red, Yellow, & Green

Purpose: Storage of Edible oil, Lube oil, Ink filling Storage, Paint, building liquid material, Glue, Pesticides, Ethanol & Chemical / Acid using Industries.

Technology of Manufacture: Blow Moulded containers.

SPECIAL FEATURES

- International design wide Acceptance
- Leak Proof
- 100% Drainable
- Stackable with or without Pallets
- Optimum space utilization
- Large Marking Area.
- Long service life - high resale value
- Eco friendly - Recycled
- Non - Corrosive
- Non toxic, Suited for food products.
- Outstanding drop Impact resistance.
- Tamper Proof & Autosealable.

EURO GLOBAL

FOODS AND DISTILLERIES LTD.

We are a leading player in the business of producing, packaging and marketing various ranges of distilled alcoholic beverages, wines, malt drinks and water to satisfy the varying tastes and palates of the Nigerian Market.

Euro Global Foods and Distilleries Limited, is a proud member of Sona Group of Companies. It was incorporated on 20th of July, 2006 as a limited liability company under the Companies and Allied Matters Act, 1990(Rc660919). We believe that 'Service is a powerful differentiator' and thus strive to conduct our business in such a way as to ensure the we constantly produce and deliver excellent products and services to our customers at all times.

We have in our portfolio a range of world-class brands. In the non –alcoholic segment, we have brands like Maltonic non-alcoholic malt drink, Aqua Euro Table Water. Our range of alcoholic brands include St. Almanac Blended Cognac Brandy, Seaking Schnapps, Sabrina Premium Dry Gin, Brave Heart Rum, Czar Vodka (Plain & Chocolate), Power Bitters, Julius Tonic Wine.

All brands are proudly produced and bottled in Nigeria. Due to our huge production capacity and international GMP standards, we also contract-produce and package products for other multinational like Pernod Richard and Kasapreko.

The Euro Global Foods and Distilleries distribution network is spread vastly across the country ensuring that our products are readily available to our target consumers. Euro Global Distilleries Limited commenced operations in its Ota factory with two separate production lines with a capacity to fill 12,000 crates per day for table water alone and 9,000 cases for the spirits.

As an indigenous company, we diligently source all major materials from within Nigeria. The company has state-of-the-art production facilities for spirits distilling and ozonized water processing. The drive to increase the product range and the resultant increase in production capacity highlights the confidence the company had in the Nigerian economy and other business prospects.

EURO GLOBAL also has distillation plant of 120KLPD, state of art, ultra modern plant.

OUR BRANDS

MALTONIC (Non-Alcoholic Malt Drink)

Maltonic is the malt-drink par excellence. Maltonic boasts a rich heritage that dates back to 1986. For over 2 decades it has provided great-tasting nourishment in a food drink that is loaded with vitamins and body enriching goodness. Always in a class of its own.

Maltonic made a triumphant come-back in 2017 into the homes, bars and social gatherings of excited patrons and has since been providing greatness of a special kind that guarantees a rich source of vitamins including vitamins A, B1, B2, B6 & C. It also comes with natural malt greatness and low sugar in every single pack. Maltonic combines the greatness of past, the present and the future to stand out in a special class of its own.

Available in 33cl CAN pack.

SEAKING PREMIUM SCHNAPPS

Seaking Premium Schnapps is a favorite brand blended with special ingredients to create a unique flavor that is stronger than traditional schnapps with good taste and consistency. It is made to blend well either on the rocks or any other beverage. Alcohol content 40%vol.

Available sizes are 75cl and 37.5cl bottle both with a premium gift-box.

SABRINA PREMIUM EXTRA DRY GIN

Sabrina Premium Extra Dry Gin was developed in 2008, using the finest Ingredient resulting in a unique blend which has soothing aroma and a smooth compelling taste. It is greatly enjoyed when taken straight in shots, on the rocks or as a companion for cocktails. Sabrina experience is second to none. Alcohol content 40%vol.

Available sizes are 75cl with a premium gift-box and 20cl pet bottle.

POWER BITTERS

Power Bitters is made from carefully selected exotic herb extracts, fruit flavors and specially demineralized water and alcohol to produce an exclusive blend that leaves the drinker with a special taste that only Power Bitters offers. Some of the ingredients are natural anti-oxidants that support healthy living. Power Bitters is Nigeria's premium and highly exciting alcoholic bitters.

Alcohol content 35%/vol. Available size is 20cl pet bottle

SONA AGRO ALLIED FOODS LIMITED

ABOUT US

Sona Agro Allied Foods Ltd is the biscuits, wafers, chocolates, snacks, cereals and snacks unit of the Sona Group, and is a producer of many popular rising brands. Sona Agro Allied Foods Ltd was incorporated in June 2011 and to manufacture and market food products, which is a vital sector of any economy, especially snack foods, along with trade activities in Agro products. Factory is formed in vast green field environment at KM 1, Ijoko Road, Sango Ota in Ogun State. It became operational in towards the end of 2012 and commercial sales resumed by Feb 2013.

Sona Agro Allied Foods Ltd is well equipped with plant and machineries from European and Asian Machinery manufacturers. Based on good reception for our existing biscuit products by Nigerian consumers, management decided to go in expansion of Plant capacity from 14 Tons per day to 200 tons per day, accordingly plants and machinery from Laser - Italy, Cepi - Italy and Omori - India, have been commissioned. SAAFL is NIS ISO 9001:2008 Certified.

OUR BRANDS

Sona Bites: This are premium indulgence in the Sona range, a crispy cashew biscuit enriched with the richness of real butter. The combination delivers a pronounced, satisfying mouth feel that lingers pleasantly. Beyond taste, cashews bring their natural goodness, healthy fats, protein, and minerals, making each bite both a treat and a nutritional boost. Ideal as a smart snacking option between meals or paired with your favourite beverage.

Sona Choppy's: This Redefine what a butter biscuit can be. Outwardly crunchy with a satisfying snap, they transform the moment they hit your tongue turning wonderfully soft and melting effortlessly in your mouth. The richness of butter permeates every layer, leaving a warm, indulgent aftertaste. Perfect for those who love a biscuit with textural contrast crunch on the outside, cloud-like softness within. An everyday favourite that feels like a small luxury.

Rich Tea: The quintessential tea companion light, crispy, and endlessly satisfying. Infused with a delicate blend of creamy milk and fragrant vanilla, each biscuit delivers a gentle, elegant flavor that complements the boldness of tea without overpowering it. The excellent mouth feel ensures a pleasant crunch followed by a clean, smooth finish. Whether dunked or eaten whole, Rich Tea turns an ordinary tea break into a moment worth savouring anytime, every time.

Sona Yummy: This is pure indulgence in roll form a decadent chocolate filled wafer roll that blurs the line between biscuit and dessert. The delicate crisp wafer wraps around a luxuriously rich chocolate filling, creating a multi-layered experience: crunch, then creaminess, then a deep cocoa finish. Loved by children and adults alike, it satisfies sweet cravings completely and leaves your tongue longing for just one more bite. The ideal treat for dessert moments or anytime you need something extraordinary.

Whiz Kids: These are where snacking meets play. These fun-shaped crunchy biscuits feature a variety of charming shapes embossed on each piece turning snack time into an adventure that children look forward to. Beyond the fun, the biscuits deliver a satisfying crunch and a wholesome flavor that parents can feel good about. Whiz Kids are a staple in school tiffin and afternoon snack boxes, making them enormously popular with younger audiences who love discovering each new shape with delight.

Sona Twister: This is an elegantly simple pleasure a cream wafer roll generously filled with smooth vanilla cream. The light, airy wafer exterior provides a satisfying delicate crunch that gives way to the cool, sweet vanilla cream within. It is a harmonious balance of textures and flavors neither too rich nor too light. Perfect as an on-the-go snack or a dainty treat with coffee or tea, Sona Twister brings a touch of classic confectionery charm to every occasion.

Good Day Milk: Stands apart as a uniquely crafted milk biscuit with a pure, prominent milk flavor that sets it in a class of its own. Unlike ordinary milk biscuits, the milk character here is deep and authentic creamy, subtly sweet, and wonderfully wholesome. The taste lingers warmly, reminiscent of a fresh glass of milk. It is nourishing, comforting, and suitable for all ages. A brilliant choice for morning routines, school snacks, or anyone seeking a biscuit with genuine dairy goodness.

Good Day Chocolate: This a celebration of bold cocoa flavor in every single crunch. These biscuits are generously infused with rich chocolate taste and aroma, making them an instant mood lifter. The crunchy texture ensures a gratifying bite that releases the full intensity of chocolate with each chew. Whether shared with family or enjoyed solo, Good Day Chocolate turns any ordinary moment into a good one bringing happiness and the deep, satisfying taste of real chocolate, bite after bite.

Thins Crackers: This are crafted for those who appreciate light, sophisticated snacking. Delicate and crisp, these thin crackers deliver a clean, airy crunch without heaviness. Their understated, savoury profile makes them extraordinarily versatile stand-alone snacking, pairing with dips, cheeses, or spreads, or simply as a refined nibble alongside a drink. Elegant in their simplicity, Thins Crackers prove that less truly is more offering a refined, guilt-friendly snacking experience that is as at home at a gathering as it is at your desk.

OUR WINNING STRATEGY

We always try to find ways in which we can improve the quality of our products without affecting the consistency that consumers have become accustomed to. To do so, we research local and international market trends and developments, we engage our stakeholder regularly in order to ensure that we can respond to queries and irregularities immediately.

Currently we are having Food Safety Management System to the commonly accepted world standard of HACCP. Above all, we are working with a professional food technologist, specialising in food safety with an extensive knowledge of local and international standards.

We work with integrity, professionalism and view each customer as individualistically as possible, knowing no two needs are the same. We strive to continuously provide unique and quality biscuits and snacks on time to the market throughout Nigeria. We believe that all consumers should have access to Quality Products at affordable prices... and that shall always strive to provide the products as when and how needed.

SONA MALTING AND MALT DERIVATIVES LTD.

ABOUT US

Sona Malting and Malt Derivatives Ltd formally known as Food Agro & Allied Industries Ltd was incorporated in 2001 to manifest Sona Group's "Ideology of Indigenization" about developing credible technology to process locally grown sorghum to substitute imported Barley derivatives.

The mission is to produce Sorghum malt and malt derivatives of international quality at affordable cost augmenting Agric, Industrial, Scientific and economic growth of the nation.

THE PLANT SET UP & PRODUCTS

SONA MALTING & MALT DERIVATIVES LTD, formally known as FOOD & AGRO, started commercial operation in 2008 as a Sorghum Malting Plant to collaborate with Government program for substitution of imported Barley malt with locally grown sorghum malt. The completely mechanized Malting plant has capacity to process 30,000 tons of Sorghum annually. Additional equipment to expand the capacity to 45,000 tons per annum is already at site.

SONA MALTING state-of-the-art Malt Extract plant was commissioned in December 2014. This fully automated ultra-modern plant can produce 24,000 tons of Malt Extract, High maltose syrup, Glucose, Brewing Extract and other sweeteners annually, from malted and raw sorghum. Further capacity can be increased to 40,000 tons per annum by upcoming second plant.

This plant is the only one of its kind in Nigeria and will contribute immensely in reducing importation of Malt Extract, HMS, Glucose etc into the country. 20,000 ton Silo storage with proper cleaning system at SONA MALTING premises in Sango-Ota.

Its 20,000 tons silos for grain Storage.

QUALITY & FOOD SAFETY STANDARDS

SONA MALTING adheres to the highest standards of Quality and Food Safety Management system in production of food ingredients and got ISO 9001:2008 (QMS), SEDEX A&B, ISO 22000:2005(FSMHACCP) certifications in 2010, 2011 and 2014 respectively. SONA MALTING is the only Heineken International approved Maltster in Nigeria.

SONA INDUSTRIAL GASES LIMITED

INTRODUCTION

Sona Industrial Gases Limited (SIGL) is a duly incorporated limited liability company, established on 6th October 2011 under the Companies and Allied Matters Act (RC 984894).

SIGL has rapidly evolved into a reputable player in Nigeria's industrial and medical gases sector, supported by a 200 m³/hr Air Separation Plant for the production of Liquid Oxygen and Nitrogen.

Our state-of-the-art manufacturing facility is strategically located at Km 1, Ijoko Road, Ota, Ogun State. We are committed to delivering reliable, high-quality gas solutions that support critical industries and healthcare systems.

PRODUCT RANGE

Our comprehensive portfolio includes:

- Liquid Oxygen & Compressed Oxygen
- Medical Oxygen & Medical Air
- Liquid & High-Purity Nitrogen
- Dissolved Acetylene
- Argon
- Liquid CO₂ / Dry ICE
- Specialty Gases (Helium, Hydrogen, Methane, Propane, Freon, etc.)

We serve a broad spectrum of industries, including healthcare, manufacturing, oil & gas, and processing plants—providing tailored solutions for both general and specialized applications.

OUR CAPABILITIES & REACH

SIGL combines advanced production technology with a robust distribution network to ensure timely and efficient delivery.

Our operations currently serve key locations including:

- Ogun State
- Lagos State
- Ibadan
- Port Harcourt

We continue to expand our footprint through strategic investments in:

- Oxygen and CO₂ production plants
- Acetylene production facilities
- Cylinder capacity expansion
- Fleet and logistics optimization

OUR EXPERTISE

Our strength lies in our people. SIGL is powered by a team of highly skilled professionals with extensive experience in:

- Engineering & Production
- Quality Management
- Gas Processing & Distribution
- Equipment Design & Installation

Our team members bring global exposure from multinational organizations and operate in full compliance with recognized standards such as:

- ISO 9001 (Quality Management)
- OHSAS 18001 (Occupational Health & Safety)

OUR VISION

To be a leading and trusted provider of industrial and medical gases, setting the benchmark for safety, quality, and innovation across Nigeria and beyond.

OUR MISSION

To deliver reliable, high-quality gas solutions through advanced manufacturing, efficient distribution, and an uncompromising commitment to safety-creating sustainable value for our customers and stakeholders.

QUALITY POLICY

Sona Industrial Gases Limited is committed to delivering industrial, medical, and specialty gases that consistently meet and exceed customer expectations.

We achieve this through:

- Strict adherence to quality and safety standards
- Continuous improvement of our processes and systems
- Investment in technology and human capital
- A strong culture of operational excellence and compliance

CORPORATE EDGE

- Proven manufacturing capability
- Strong logistics and distribution network
- Compliance with international standards
- Experienced and technically sound workforce
- Commitment to innovation and expansion

TAGLINE

Powering Industry. Sustaining Life.

**CORONATION
POWER & GAS LTD**
...energy solution at your doorstep

COMPANY OVERVIEW

Coronation Power & Gas Limited (CPGL) is a leading Independent Power Producer (IPP) dedicated to delivering reliable, efficient, and sustainable gas-based energy solutions to industrial and commercial clients.

Through an integrated energy model, we combine advanced power generation technologies with intelligent distribution systems to ensure consistent electricity supply, enhanced operational efficiency, and long-term value for our customers.

HIGH-EFFICIENCY POWER GENERATION

CPGL operates a state-of-the-art co-generation power plant engineered to maximize energy output while minimizing waste.

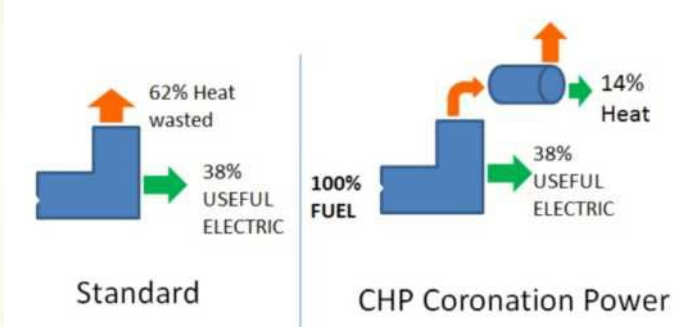

Our system utilizes gas-powered engines for electricity generation, complemented by advanced waste heat recovery technology that converts exhaust heat into steam—significantly improving overall plant efficiency.

KEY FEATURES

- Advanced gas-based co-generation technology
- Integrated waste heat recovery system
- Achieves ~52% efficiency (vs. ~34% in conventional plants)
- Environmentally compliant with global emission standards
- Designed in alignment with Clean Development Mechanism (CDM) principles

SMART GRID POWER DISTRIBUTION

Coronation Power Distribution Company Ltd (CPDCL) operates a dedicated, high-performance power distribution network designed for reliability, stability, and scalability.

Our infrastructure includes a 132kV / 11kV substation (2 × 20MW capacity) and an embedded 11kV / 33kV smart grid system, ensuring seamless power delivery to end users.

KEY FEATURES

- ETAP-designed substation for optimal system performance
- Advanced CRP panels with Schneider MiCOM P642 protection systems
- Dedicated 3.0 MVAR capacitor bank — first of its kind
- Enhanced redundancy and network reliability
- Stable voltage regulation with advanced OLTC (On-Load Tap Changer) control
- Improved supply continuity and power quality

ENERGY SOLUTIONS THAT DRIVE BUSINESS PERFORMANCE

CPDCL delivers customized energy solutions that allow businesses to focus on their core operations while we manage their power infrastructure.

CLIENT ADVANTAGES

- Consistent, high-quality, and reliable power supply
- Increased operational efficiency and productivity
- Predictable and competitive energy costs
- No capital investment in captive power generation
- Reduced maintenance and operational risks
- Elimination of non-core energy management burdens
- Access to expert technical support for optimized energy usage

SUSTAINABILITY & COMPLIANCE

Sustainability is central to our operations. CPGL is committed to environmentally responsible energy production and regulatory compliance.

OUR COMMITMENTS

- Full compliance with environmental and emission standards
- Reduced greenhouse gas footprint
- Enhanced energy efficiency through optimized system design

OUR VALUE PROPOSITION

CPGL and CPDCL provide a dependable and future-ready alternative to conventional power supply by combining:

- High-efficiency generation technologies
- Robust and intelligent distribution infrastructure
- Customer-centric energy solutions

We empower businesses with uninterrupted power, operational confidence, and long-term cost optimization—enabling sustainable growth in an increasingly energy-dependent world.
